## SPRING PLAYING AND LEARNING ACTIVITIES!

Here are some fun spring activities that you and your child can do together!  
Call Cynthia at (617) 349-6327 to submit ideas for our next newsletter!

### Warm Weather Fun!

#### Obstacle Course

Make an obstacle course using objects you have around the

house. Have your child jump over a rope or string laid across the floor, crawl under a chair or table, and walk up a stool or step. The gross motor activities in an obstacle course help your child's muscles to develop.

#### Water Play

Water play can be a fun and relaxing activity for children. All you need is a storage bin and some water!

You can do many things with water play, like providing cups for filling and dumping or objects that sink or float. You can ask older children about which objects sink and

which objects float. You can fill and dump different sized cups and talk about the concept of full and empty or fill cups to different depths and ask which one has more water. You can also use this time for imaginary play by providing dishes and sponges or babies to be washed. Fill the tub with different objects each time and watch how your child plays!

#### Painted Rocks

Invite your toddlers on a walk to gather large, smooth rocks. Then set out small containers of liquid tempera paint and paintbrushes. Let the children paint their

special rocks however they wish. As they work, talk about the texture and color of the rocks. Painted rocks can decorate the garden, become a present for a special friend, or get washed and painted again.

#### Kite

Make a kite with your child using construction paper or tissue paper, popsicle sticks, and string. On a windy day, take it outside and see if it will fly. Talk to your child about how the wind feels. What else will blow in the wind? Check out ways to make kites here: <http://kids.nationalgeographic.com/kids/activities/crafts/kite-craft/>

#### Nature Walk

Go on a nature walk. In a bag collect leaves, sticks, flowers, rocks...whatever you find! Talk about what animals you see and hear. Name the colors of the things around you. When you get home, glue the found objects on a piece of paper and make a nature collage!

# PLAYING AND LEARNING ACTIVITIES

Help us all stay healthy! Please stay home if you or your child has had a fever, chronic cough, has thrown up or had diarrhea within 24 hours of activities. We want to make sure everyone stays germ-free!

We bring toys, activities, singing, and snacks; you bring the kids and the fun. Children play and learn with their parents, caregivers, and other children. The routines and activities help children grow and get ready for school. Bring your children (0-5), and come play with us. Parents or caregivers stay and play with the children. You don't need to sign up for these groups, just come when you want. **For more information or questions, call Lucy at 617-349-6967.**

## Agenda for Children Let's Talk

### Small Talk. Big Change.

Did you know? Simply talking with babies, toddlers, and preschoolers during everyday activities prepares them for school...years later! How? Talking develops young brains and builds vocabulary, making it easier to learn how to read.

**Let's Talk!** is a free early literacy program in Cambridge that offers services for moms, dads and child care providers – including workshops, literacy home visits, and fun family events.

For tips and resources on ways to support young children, connect with Let's Talk! at: [www.letstalkcambridge.org](http://www.letstalkcambridge.org), on Facebook ([facebook.com/LetsTalkCambMA](https://facebook.com/LetsTalkCambMA)) and Twitter (@LetsTalkCambMA)!
